KLIMASCHUTZ durch Aufforstung: Wir pflanzen Zukunft

Mit dem Projekt „WaldLokal“ wurde im Regierungsbezirk Arnsberg ein regionales Wiederaufforstungsprojekt ins Leben gerufen, an dem sich Firmen wie die TRIO Lighting Group seit 2023 beteiligen. Wiederaufforstung ist ein entscheidender Schritt im Kampf gegen den Klimawandel und den Verlust der Biodiversität. Durch das Pflanzen neuer Bäume auf abgeholzten oder degradierten Flächen können wir nicht nur den CO₂-Gehalt in der Atmosphäre reduzieren, sondern auch Lebensräume für zahlreiche Tier- und Pflanzenarten wiederherstellen.

„Wir sind dabei, wenn es darum geht, in unseren Wäldern neue Wurzeln für eine nachhaltige Zukunft zu schlagen.“

CLIMATE PROTECTION through reforestation: we are planting the future

With the „WaldLokal“ project, a regional reforestation project was launched in the Arnsberg administrative district, in which companies such as the TRIO Lighting Group have been participating since 2023. Reforestation is a crucial step in the fight against climate change and the loss of biodiversity. By planting new trees on deforested or degraded areas, we can not only reduce the CO₂ content in the atmosphere, but also restore habitats for numerous animal and plant species.

„We are there when it comes to putting down new roots in our forests for a sustainable future.“

GEMEINSAM

für eine bessere Lebensqualität

In einer Welt, die zunehmend von Umweltproblemen und Klimawandel betroffen ist, ist es wichtiger denn je, gemeinsam zu handeln, um unsere Umwelt zu schützen und die Lebensqualität für zukünftige Generationen zu sichern. Wir möchten unseren Beitrag leisten, indem wir umweltfreundliche Maßnahmen ergreifen, nachhaltige Innovationen fördern sowie die Unterstützung lokaler Gemeinschaften vorantreiben, die sich für den Umweltschutz und die Nachhaltigkeit einsetzen.

Wir streben nach langfristigem Erfolg, der im Einklang mit unseren ökologischen und sozialen Zielen steht. Dies erreichen wir durch verantwortungsbewusste Geschäftspraktiken, ethisches Verhalten und Transparenz in all unseren Aktivitäten. Wir sind überzeugt, dass nachhaltiger Erfolg nur durch umweltbewusstes und verantwortungsvolles Handeln möglich ist. Gemeinsam mit den Menschen, die unsere Produkte herstellen, und jenen, die sie nutzen, können wir die bevorstehenden Herausforderungen meistern.

WORKING TOGETHER

for a better quality of life

In a world increasingly affected by global problems and climate change, it is more important than ever to act together to protect our environment and safeguard the quality of life for future generations. We want to do our part by taking green measures, promoting sustainable innovation and supporting local communities that are committed to environmental protection and sustainability.

We strive for long-term success that is in line with our environmental and social goals. We achieve this through responsible business practices, ethical behaviour and transparency in all our activities. We are convinced that sustainable success is only possible through environmentally conscious and responsible behaviour. Together with the people who manufacture our products and those who use them, we can overcome the challenges that lie ahead.

Unsere Leuchten mit FSC Logo enthalten Holz aus verantwortungsvoll bewirtschafteten Wäldern. Das Siegel steht für lückenlose Rückverfolgbarkeit, den Schutz von Ökosystemen und Artenvielfalt sowie faire Arbeitsbedingungen entlang der gesamten Produktionskette.

Our lamps bearing the FSC logo are crafted from wood sourced in responsibly managed forests. The label guarantees full traceability, protection of ecosystems and biodiversity, and fair working conditions across the entire supply chain.

together*

NACHHALTIG HANDELN, ZUKUNFT GESTALTEN

Jeder Beitrag zählt

Effizient und umweltfreundlich

Die LED-Technologie hat sich als eine der umweltfreundlichsten Beleuchtungsoptionen etabliert. Alle unsere Produkte sind entweder mit energieeffizienten LEDs ausgestattet oder so konzipiert, dass sie problemlos mit LED-Leuchtmitteln kompatibel sind.

Für unsere GO GREEN-Produkte nutzen vorwiegend recycelte Materialien und nachwachsende Rohstoffe aus verantwortungsvoller, nachhaltiger Forstwirtschaft.

Efficient and environmentally friendly

LED technology has established itself as one of the most environmentally friendly lighting options. All our products are either equipped with energy-efficient LEDs or designed to be easily compatible with LED light sources.

For our GO GREEN products, we primarily use recycled materials and renewable raw materials from responsible, sustainable forestry.

Grüne Verpackungs- lösungen

Unsere Verpackungen bestehen zu 80% aus recycelten Materialien. Wir reduzieren bzw. vermeiden bewusst den Einsatz von Plastik in unseren Verpackungen. Stattdessen setzen wir auf umweltfreundliche Alternativen wie Papier, Karton und biologisch abbaubare Materialien. Dies hilft, die Verschmutzung durch Kunststoff zu reduzieren und die Umweltbelastung zu minimieren.

Green packaging solutions

Our packaging consists of 80% recycled materials. We consciously reduce or avoid the use of plastic in our packaging. Instead, we rely on environmentally friendly alternatives such as paper, cardboard and biodegradable materials. This helps to reduce plastic pollution and minimise environmental impact.

Saubere Energiegewinnung

Unsere PV-Anlage nutzt modernste Solarmodule, die Sonnenlicht effizient in elektrische Energie umwandeln. Die Anlage verfügt über eine Modulfläche von 12.000 qm und ermöglicht es uns, einen Großteil unseres Energiebedarfs durch erneuerbare Quellen zu decken und unseren CO₂-Ausstoß erheblich zu reduzieren.

Clean energy generation

Our PV system uses state-of-the-art solar modules that efficiently convert sunlight into electrical energy. The system has a module area of 12,000 square metres and enables us to cover a large part of our energy requirements from renewable sources and significantly reduce our CO₂ emissions.

ACTING SUSTAINABLY, SHAPING THE FUTURE

Every contribution counts

E-Mobilität

Knapp die Hälfte unseres Fuhrparks wurde bereits auf Elektrofahrzeuge umgestellt. Für Mitarbeiter*innen und Kund*innen stehen 8 Ladestationen zur Verfügung. Durch die Kombination von E-Mobilität und erneuerbaren Energien leisten wir einen doppelten Beitrag zum Umweltschutz.

E-mobility

Almost half of our vehicle fleet has already been converted to electric vehicles. There are 8 charging stations available for employees and customers. By combining e-mobility and renewable energies, we are making a double contribution to environmental protection.

Digitaler Fortschritt

Unser digitaler Fortschritt zeigt, wie technologische Innovationen und Nachhaltigkeit Hand in Hand gehen können. Durch die Einführung von Home-Office-Regelungen, die Reduzierung des Papierverbrauchs, die Nutzung digitaler Kommunikationsmittel und eine nachhaltige IT-Infrastruktur leisten wir einen weiteren Beitrag zum Umweltschutz und zur Effizienzsteigerung.

Digital progress

Our digital progress shows how technological innovation and sustainability can go hand in hand. By introducing home office regulations, reducing paper consumption, using digital means of communication and a sustainable IT infrastructure, we are making a further contribution to protecting the environment and increasing efficiency.

Soziale Verantwortung

Nachhaltigkeit bedeutet auch soziale und wirtschaftliche Verantwortung. Als verantwortungsbewusstes Unternehmen streben wir nicht nur wirtschaftlichen Erfolg an, sondern auch einen positiven gesellschaftlichen Beitrag. Faire Arbeitsbedingungen, wie angemessene Löhne, geregelte Arbeitszeiten, ein sicheres Arbeitsumfeld und Weiterbildungsmöglichkeiten, sind für uns selbstverständlich. Wir fördern Vielfalt und Inklusion und setzen auf ein respektvolles, unterstützendes Arbeitsklima.

Social responsibility

Sustainability also means social and economic responsibility. As a responsible company, we strive not only for economic success, but also to make a positive contribution to society. Fair working conditions, such as appropriate wages, regular working hours, a safe working environment and training opportunities, are a matter of course for us. We promote diversity and inclusion and focus on a respectful, supportive working environment.

Authentische Leuchten. Digital inszeniert.

Authentic luminaires. Digitally staged.

Für die Erstellung der in diesem Katalog gezeigten Ambientebilder wurden KI-gestützte Verfahren eingesetzt. Diese Bilder veranschaulichen inspirierende Wohn- und Einrichtungssituationen und zeigen beispielhafte Einsatzmöglichkeiten unserer Leuchten. Die abgebildeten Leuchten entsprechen realen Produkten aus unserem Sortiment und basieren auf originalen Produktaufnahmen. Die gezeigten Raumwelten, Dekorationen und Hintergründe sind teilweise digital generiert und dienen ausschließlich der visuellen Illustration. Maßgeblich für die Produktausführung sind die jeweiligen Produktabbildungen, Produktinformationen und technischen Angaben.

Wir nutzen KI als kreatives Werkzeug, um innovative und inspirierende Wohnwelten zu gestalten und unsere Produkte in realitätsnahen Anwendungsbeispielen erlebbar zu machen.

AI-supported processes were used to create the ambient images shown in this catalogue. These images illustrate inspiring living and interior design scenarios and demonstrate examples of how our lights can be used. The lights shown correspond to real products from our range and are based on original product photographs. Some of the interior settings, decorations and backgrounds shown are digitally generated and are intended solely for visual illustration. The respective product images, product information and technical specifications are authoritative regarding the product design.

We use AI as a creative tool to design innovative and inspiring living spaces and to bring our products to life in realistic application examples. We use AI as a creative tool to design innovative and inspiring living environments and to showcase our products in realistic application scenarios.

Besuchen Sie uns auch bequem von Zuhause aus!

Tauchen Sie in die virtuelle Welt ein und erkunden Sie unseren Ausstellungsraum mit unserer interaktiven 360° Tour. Egal ob auf dem PC, Tablet oder Smartphone, der Rundgang steht Ihnen direkt im Webbrowser zur Verfügung. Besonders beeindruckend wird die Präsentation, wenn Sie eine VR-Brille verwenden. Weitere Informationen finden Sie auf unserer Webseite. Schauen Sie gerne vorbei und genießen Sie das Erlebnis. Viel Spaß!

You Can Also Visit Us From the Comfort of Your Own Home!

Dive into the virtual world and explore our showroom with our interactive 360° tour. Whether on a PC, tablet or smartphone, the tour is available directly in your web browser. The presentation turns particularly impressive if you use VR glasses. You can find more information on our website. Feel free to stop by and enjoy the experience. Enjoy!

Get your light connected.

TRIO Leuchten mit WiZ-Technologie ermöglichen ein faszinierendes und innovatives Lichtdesign, das sich vollkommen individuell steuern, programmieren und kontrollieren lässt. Die smarte Lichtsteuerung liefert dabei unbegrenzte Möglichkeiten für jeden Anlass die gewünschte Atmosphäre zu kreieren – ob per App, Sprachsteuerung, Fernbedienung und den herkömmlichen Wandschalter.

TRIO luminaires with WiZ technology enable fascinating and innovative lighting settings that can be individually managed, programmed and controlled. The smart lighting control provides unlimited possibilities to create the desired atmosphere for every occasion – whether via app, voice control, remote control and the conventional wall switch.

DC Motor

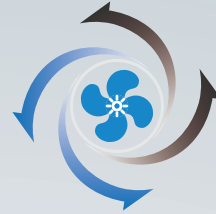

Deckenventilatoren mit DC-Motor (Gleichstrom-Elektromotor) sind sehr energiesparend und äußerst zuverlässig. Zudem laufen DC-Ventilatoren außerordentlich leise und sehr gleichmäßig. Sie eignen sich perfekt für Ruhebereiche, z.B. das Schlafzimmer, Kinderzimmer, Lesebereiche und Büros.

Ein weiterer Pluspunkt ist der Vor- und Rückwärtslauf bzw. Sommer- und Winterbetrieb. Im Sommer sollte der Deckenventilator gegen den Uhrzeigersinn gedreht werden, um den Luftstrom direkt nach unten zu leiten, der für eine kühle Brise sorgt. Im Winter muss der Ventilator im Uhrzeigersinn laufen, um einen Aufwind zu erzeugen und die warme Luft im Raum besser zu verteilen.

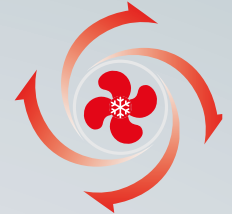

Ceiling fans with a DC motor (direct current electric motor) are very energy-efficient and extremely reliable. DC fans also run extremely quietly and very smoothly. They are perfect for quiet areas, e.g. bedrooms, children's rooms, reading areas and offices.

Another plus point is the forward and reverse operation or summer and winter operation. In summer, the ceiling fan should be turned anti-clockwise to direct the airflow straight downwards, providing a cool breeze. In winter, the fan must run clockwise to create an updraft and better distribute the warm air in the room.

Erlebe ein völlig neues TV- oder PC-Erlebnis, indem Du mit unserem Ambiente LED Stripe in eine andere Dimension eintauchst! Mit RGB Light hast Du die Möglichkeit, die Farbe Deiner Beleuchtung jederzeit zu ändern und das Licht nach Bedarf zu dimmen - all dies bequem über die mitgelieferte Fernbedienung. Die integrierten Audiosensoren passen die Lichteffekte perfekt an Deine Musik oder den Sound an. Und mit der einfachen Stromversorgung über USB ist der Anschluss spielend einfach!

Experience a whole new TV or PC experience by immersing yourself in another dimension with our Ambiente LED Stripe! Using our RGB Light, you can change the colour of your lighting at any time and dim the light as required – all conveniently using the remote control supplied. The integrated audio sensors perfectly adjust the lighting effects to your music or sound. And with the simple power supply via USB, connecting is easy as one, two, three!

GAMING

RACER

Kunststoff, Schwarz · plastic, black

Tauche ein in ein ultimatives Gaming-Erlebnis mit dem dynamischen LED-RGB-Stripe RACER. Die eingebauten Audiosensoren synchronisieren die Lichteffekte mit der Musik oder dem Sound Deines Spiels, wodurch eine immersive Atmosphäre entsteht. Zusätzlich kannst Du die Helligkeit nach Belieben dimmen und den Stripe individuell kürzen.

Immerse yourself in the ultimate gaming experience with the RACER dynamic LED RGB stripe. The built-in audio sensors synchronise the lighting effects with the music or sound of your game, creating an immersive atmosphere. In addition, you can dim the brightness as desired and shorten the stripe individually.

Gaming

Dynamic Light

Dynamische Lichtsteuerung. Die RGB-LEDs sind unabhängig voneinander, gemeinsam oder in Gruppen schaltbar. Neben mehr- oder einfarbigem Stimmungslicht sorgen vorprogrammierte dynamische Szenarien für faszinierende Lichteffekte.

Dynamic light control. RGB LEDs can be switched independently, together or in groups. Alongside multi-coloured or single-coloured mood lighting, pre-programmed dynamic scenarios provide fascinating lighting effects.

Sound Control

Audiogesteuerte Lichteffekte. Mittels eines eingebauten Mikrofons reagieren die RGB-LEDs in Echtzeit auf Umgebungsgeräusche und visualisieren rhythmische, lebendige Lichteffekte beim Musik hören, Filme schauen oder Gaming.

Audio-controlled lighting effects. By means of a built-in microphone, the RGB LEDs react in real time to ambient sounds and visualise rhythmic, lively lighting effects while listening to music, watching films or gaming.

Garantie

Guarantee · Garantie · Garantie · Garantia · Garanzia · Garantie · Takuu · Gwarancja

REALITY übernimmt gegenüber Verbrauchern für alle Leuchten mit fest verbauten LEDs eine freiwillige Funktionsgarantie von 5 Jahren. Nähere Informationen hierzu finden Sie in der Garantieerklärung auf unserer Internetseite.

www.reality-leuchten.de

REALITY gives consumers a voluntary functional guarantee of 5 years for all luminaires with permanently installed LEDs.

For further information, please visit our website.

www.reality-leuchten.de

REALITY donne aux consommateurs une garantie de fonctionnement de 5 ans pour tous les luminaires disposant de LED permanentes.

Pour plus d'information, consultez notre site.

www.reality-leuchten.de

REALITY biedt consumenten een vrijwillige functionele garantie van 5 jaar op alle verlichtingstoestellen met permanent geïnstalleerde leds.

Voor meer informatie, consulteer onze website.

www.reality-leuchten.de

REALITY ofrece a los usuarios una garantía funcional de 5 años en todos sus artículos de iluminación que cuentan con luces LED instaladas de forma permanente.

Para más información, por favor visite nuestra página web.

www.reality-leuchten.de

REALITY offre ai consumatori una garanzia di funzionamento facoltativa di 5 anni per tutti gli apparecchi LED installati in modo permanente. Per ulteriori informazioni, vi preghiamo di visitare il nostro sito web.

www.reality-leuchten.de

REALITY oferă consumatorilor o garanție voluntară operațională de 5 ani pentru toate corpurile de iluminat cu LED-uri permanent instalate.

Pentru mai multe detalii, va rugăm să vizitați site-ul TRIO.

www.reality-leuchten.de

REALITY myöntää kuluttajille vapaaehtoisen 5 vuoden toimintakuun kaikille pysyvästi asennetuille LED-valoille. Lisätietoja verkkosivuiltamme.

www.reality-leuchten.de

REALITY daje konsumentom dobrowolną 5-letnią gwarancję funkcjonalną na wszystkie oprawy oświetleniowe z zamontowanymi na stałe diodami LED. Na naszej stronie internetowej może Państwo uzyskać więcej informacji na ten temat.
